LE CABINET FRANÇAIS

Beirut, 2 December 2024

Reference letter

It is with great honour writing this reference letter for Miss Andrea Nakhle whom I worked with since March 2021. Andrea worked as a part-time psychomotor therapist in the multidisciplinary clinic for 1 year and a half (06/03/2021 - 08/07/2022). Andrea offered one-to-one sessions to children and adolescents between 3 and 15 years old with learning difficulties. She also offered assessments, referrals, as well as counselling for patients and carers.

As Andrea's paramedical director, I observed commitment and ethics during her practice. In collaboration with the rest of the clinic's team, she has proven herself a good communicator and mediator with partners and parents under her care. She is detailed in her work, compassionate, and sees things from different perspectives.

She encourages an open, creative, and nurturing environment that inspires each patient to reach their full potential. She is committed to encourage the personal growth and healing of the patient through an innovative and unique approach.

Ms. Nakhle is a great asset to the organization. We wish her success in all her future projects.
