To Whom It May Concern,

It is with great pleasure that I recommend the student, Amir Itani. Amir completed KG1 at The International Program School- Al Khobar, Kingdom of Saudi Arabia. I had the opportunity to interact with Amir since August 2024 in my capacity as the Lower Primary Principal.

Amir is a thoughtful and inquisitive student who approaches new experiences with enthusiasm and a positive outlook. Amir exhibits a strong command of the English language and consistently performs well in mathematics, reflecting his solid academic foundation.

In addition to his academic strengths, Amir demonstrates impressive fine motor skills, which are evident in his ability to handle practical tasks efficiently. He also shows a commendable level of emotional maturity, managing his emotions well and expressing himself appropriately in various situations.

Socially, Amir interacts well with both peers and adults. He is cooperative, empathetic, and displays a growing sense of social responsibility. His physical coordination is also well-developed, allowing him to actively and confidently engage in a range of physical activities.

Amir is a balanced, capable, and promising young learner. I am confident he will continue to thrive and succeed in his future endeavors.

Please do not hesitate to contact me if you need further information or clarification.

Best regards,

Leen Darghawth

Lower Primary Principal (KG1-G2)
